Your first request (lowest lottery number) will be filled first. The Reservations desk will try to fill your second request by linking it to the first, using your link preferences above. If that can't be done, they'll try to link to the next choices on both requests until a link is made.

**Freedom Plus**

If you want to use both Freedom Plus (carried over from 2011) and Use Time 2012, you must send a separate form for each request.
